

ALL FUN ALL BUSINESS

We get it. Your team feels disconnected, morale is low and everyone is Zoom'd out. Even walking into the office feels different. You know it makes such a difference when your team feels connected and valued, but how?

It seems like everyone has half the resources but are now working twice as hard, and it's easy to forget that there's a human being on the other end of that webcam.

**IT'S
TIME
TO GET
CREATIVE.**

ALL FUN:

Creativity is what your team needs to navigate the 'new normal'. Suddenly, **adaptability** is the killer app for your people, as you pivot to make the best of a constantly shifting environment.

The **Stomping Ground** team will have your whole team buzzing with energy and performing at their best. Your team will be more engaged and connected and will be communicating more clearly and directly.

Just like we practice sports, musical instruments and math, we can practice creativity, communication and perspective, and that makes us all the more resilient to these testing times.

ALL BUSINESS:

In business, sometimes the best decision isn't the most obvious one. With improv, we can try new things in a safe and supportive environment, encouraging us to make new choices, break old patterns, and prepare ourselves to deal with whatever happens. We'll use the same techniques we use to create comedy onstage to drive results within your team. We've been working with businesses for years and we will give your employees tools they need to be successful.

Did I mention the fun part?? It could be **virtual team building, skills development, event hosting or corp entertainment** - whatever you need to bust out of the doldrums, we've got your back.
